MEDICAL OFFICE BUILDING
CARLOS GARCIA
4636 SOUTH CLAIBORNE AVE.
NEW ORLEANS, LA 70125

Dear CARLOS GARCIA,

Plans and specifications for the above named project have been reviewed and found to be in substantial conformity with applicable provisions of the State Sanitary Code.

This plan approval refers to sanitary features of the design of the floor plan only, and is not to be taken as an approval of structural details, except insofar as they may affect sanitation.

Please be advised that adding seating areas, whether inside or outside, will increase habitable square footage (usable customer area) to the establishment. This increase may require additional toilet fixtures and lavatory fixtures, in accordance with the Louisiana State Sanitary Code and the Louisiana State Plumbing Code.

If a design error escapes our detection, that oversight shall not relieve you of the responsibility of complete compliance with the requirements of the State Sanitary Code.

This plan approval is automatically cancelled if construction of the project has not been started within two (2) years after the date of this letter.

PLEASE CONTACT THE UNDERSIGN TO SETUP AN APPOINTMENT FOR PERMIT TO OPERATE.

Sincerely,

Sheryl Bradstreet
