Perle Construction  
136 12th St  
New Orleans, LA 70124

PERMIT NO: 19-35669-RNVS  
ADDRESS: 833 Baronne St  
NATURE OF WORK: FOUNDATION WORK ONLY  
Renovation (Structural)

Dear Perle Construction:

As our examination reveals no foundation requirements, this office has no objection to work proceeding on the foundation. The review remains open on all aspects of the permit application until the actual permit is issued.

It is required that slab grades elevation shall be as per the grade certificate submitted to this Department.

If piles are being driven, it is understood that the Building Inspection Section will be notified no less than 24 hours in advance of any pile driving.

It is mandatory that a copy of the plans be kept at the Building site until the permit is issued.

It is understood that this permission is applicable to foundation work only, and no walls, columns or other work shall be erected. Any installations beyond this or previous releases will result in fines base don the entire project cost.

If acceptance of this permission to proceed it is agreed that you hold the City harmless for any consequences resulting from detailed review on final submission whereby the Code requires different material, methods or construction or other requirements that affect foundation design.

Yours very truly,

Jay P. Dufour, AIA, LEED AP  
Chief Plan Examiner
