So contrary to your previous above, it will require review by NOFA?

Mr. Holly (Michael),

You will have to submit yourself to NOFA.

For more information including an online permit application go to <https://floodauthority.org/business/permits> or contact Ms. Deborah Abu Naser (Permitting Division) at dabunaser@floodauthority.org / (504) 286-3105

Regards,

Mr. Jones,

I know that this project is within the limits (located within 1500 feet of a levee) identified by the City for review by the New Orleans Flood Authority (NOFA). I do not anticipate that we will be excavating more than 2 feet for utility runs, but out of an abundance of caution I am requesting that if it is appropriate, that this be forwarded to them for review and processing. I request that the appropriate transmission of plans be sent to NOFA for their review so that we can get this in place for a permit at the appropriate time.

Thanks in advance for your assistance.
