Description

Total

Re wire of above named addresses	\$12,500.00
----------------------------------	-------------

Scope of work:

Complete rewire of existing structure, all work done as per code. Electrical Contractor will provide new service, grounding system, inside and outside wiring, boxes, fittings, connectors. Filing and inspection fees included.

This contract does not include any work done outside of the Electrical trade. This job will require some drywall removal, replacement of drywall or material that pertains to a trade other than Electrical is not part of this contract.

Also, not included in the contract is the purchase of fixtures and appliances, smoke or co2 detectors, HVL, or doorbells. The electrical contractor is not responsible for any cord and plug fixtures or appliances. The electrical contractor will not install any under-cabinet microwave, but will provide an out for it.

Stipulations:

- 1) The electrical contractor is not responsible for damage to existing drywall or plaster that may occur during removal of drywall.
- 2) The electrical contractor will provide standard outlets and switches, no decor, Dimmers or sliding Dimmers.
- 3) If for any reason the job is delayed and the electrical contractor is held off working for more than two weeks, any agreed upon deadlines shall be removed and nullified.

Price: \$12,500

Payment is as follows:

Description

Total

\$7,000 to start.

\$5000 at the "rough in" inspection, or if the job is held up and preventing the inspection.

\$500 upon final inspection or if the job is held up and there is 80% of the work completed.

Any deviations from this contract must be in writing, any alterations or change or request must be in writing, and will most likely change price in job.

By signing this contract, customer agrees to terms mentioned above.

Subtotal \$12,500.00
