Dear Zella May:

This letter confirms the actions of the New Orleans Historic District Landmarks Commission at its meeting Wednesday, August 3, 2022, concerning your application for the following work: Retention of metal panels installed at existing chain-link fence and construction of accessory structure at non-contributing, commercial building, without a Certificate of Appropriateness.

At that time the Commission voted to:

Grant the retention of the metal panels installed at the chain-link fence. Grant retention of the accessory structure with the proviso that the structure will be moved further back on the site, with permits.

Please submit one set of final drawings reflecting the Commission approval for the accessory building. Following review, we will contact you regarding any errors, omissions, or changes. All drawings should be submitted to Staff electronically. Once approved, these drawings will then be transmitted internally to Safety & Permits for their review and permitting. As such, it is important that the final drawings are sufficient for review by both Departments. Should you have any questions concerning this matter, feel free to contact me at (504) 658-7055 or wcargile@nola.gov.

Sincerely,

WLC

Wendy Cargile
