

## CONSENT AGENDA AGREEMENT

The Central Business District and New Orleans Historic District Landmarks Commissions, in an effort to improve the flow of their respective meetings, has adopted a "Consent Agenda" format. The Consent Agenda will be considered at the beginning of the meeting (after the adoption of the Minutes or as designated by the Chairman) and will contain all applications; a) which have received a recommendation for conceptual approval from the Staff and Architectural Review Committee (ARC); and b) for which the owner/representative agrees with all of the recommendations or provisos stated by the Staff and ARC. These properties will be considered and approved *in globo*, meaning they will be voted on as a group rather than individually.

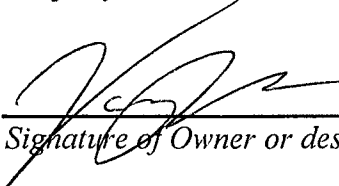

Property owners or their designated representatives who have applications fitting the above categories are urged nevertheless to attend the commission meeting, in the event that the Commission or a member of the public has some questions or concerns regarding an individual property. If applicants are not in attendance and questions or concerns surface about the property, it may require that the property be removed from the consent agenda and deferred until later in the meeting or until the next regularly scheduled meeting so that the owner or his designated representative can be present to answer any questions or address the concerns of the commission or public.

### Applicant Statement of Agreement

As indicated by my signature below, I as owner or my designated representative for the property listed below, agree to have my application placed on the Consent Agenda of the Central Business District or New Orleans Historic District Landmarks Commission. I am in agreement with the provisos and recommendations of the Staff and ARC. I understand that should there be questions or concerns by the public or Commission members, that this may warrant a removal from the consent agenda. Further, if these questions or concerns can not be addressed at the time of the hearing it may require a deferral of action by the commission until the next regularly scheduled meeting.
