PERMIT NO: 21-06070-NEWC
ADDRESS: 4215 S Claiborne Ave
NATURE OF WORK: FOUNDATION WORK ONLY
New Construction

Dear Ackel Construction Corp:

As our examination reveals no foundation requirements, this office has no objection to work proceeding on the foundation.

It is required that slab grades elevation shall be as per the grade certificate submitted to this Department.

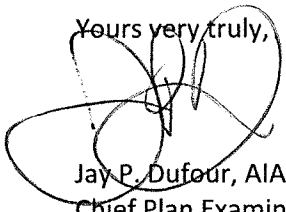

If piles are being driven, it is understood that the Building Inspection Section will be notified no less than 24 hours in advance of any pile driving.

It is mandatory that a copy of the plans be kept at the Building site until the permit is issued.

It is understood that this permission is applicable to foundation work only, and no walls, columns or other work shall be erected.

If acceptance of this permission to proceed it is agreed that you hold the City harmless for any consequences resulting from detailed review on final submission whereby the Code requires different material, methods or construction or other requirements that affect foundation design. Exceeding the release will result in a stop work order and fines.

Yours very truly,

Jay P. Dufour, AIA, LEED AP
