1461 Magazine St. is located in a Local Historic District which is under the jurisdiction of the HDLC. I am working on the HDLC review of this project; please let me know when you have uploaded a measured site plan that shows the proposed location of the generator and its distance from the property lines and existing building(s). I reiterate, please email me when this has been uploaded because our internal system will not alert me. Alternately, you can email this documentation to me, and I can upload it for you. If you have any questions, don't hesitate to reach out.
