Good morning,

I have received your application for installation of a new swimming pool at the above referenced address. Based on the building and rear yard location, it does not appear that a new pool in the rear will be visible from any of the surrounding public rights of way. As such, HDLC approval will not be required. I do need to verify the proposed location of the pool equipment so please confirm that all equipment will be located at grade in the rear yard at a location that will not be visible from either St. Claude or St. Roch. Please respond directly to this email so I can continue the HDLC review and please let me know if you have any questions moving forward.

Thanks,

Dennis Murphy
