ALARM SYSTEMS: Acadian Windows will not reconnect wired alarm systems and is not responsible for bringing the alarm system back in operating order. Acadian Windows will not replace or reimburse for any part of alarm system that may be damaged or lost during installation. Customer acknowledges that a new wireless system and/or components may be required after installation of new windows

WINDOW TREATMENTS: Customer is responsible for removing and reinstalling window treatments. Customer acknowledges that their new windows will be thicker, and the window treatments may not be able to be reinstalled in the same location or using the same methods.

AC UNITS: Customer is responsible for removing and reinstalling window air conditioner units. Due to the variances in window frame extrusions, the existing window unit may not fit into the new window and customer acknowledges that Acadian windows is not responsible for reimbursement of a new ac unit.

PAINTING: Customer is responsible for any painting that may be required if minor sheetrock repair is performed by Acadian Windows. Customer acknowledges that Acadian is not responsible for reimbursement of costs associated with painting.

CUSTOM MATERIALS: Customer acknowledges that all products provided by Acadian Windows are custom and changes and/or returns may not be made once the order is in production.
