Good morning,

3049 Orleans Ave. is located in a Local Historic District which is under the jurisdiction of the HDLC. I am working on the HDLC review of this project; since there were no elevation drawings, I'm assuming there are no proposed changes to the exterior of the building other than the addition of a window in the master bedroom and demo at the rear to create a rear porch? Is there any other exterior work including the demolition or reframing of exterior walls or any changes to the primary (Orleans Ave.) facing facade being proposed?

Thank you -
