Hello Dennis,

Great to hear from you. As I specified in the application the new sign is to be painted over the old sign (which I received a permit for in 2016). I'm happy to get the sign drawing stamped, but can you please advise me how to go about doing that? I submitted all of the materials when I sent the application in online through the One Stop App, is there another place I need to send the drawing to that is not specified?? Or do I have to physically come to City Hall. Please let me know so that we can get this sorted out, I believe I sent in the application a month ago.

Thank you so much

Jamie Dehlin

Good morning,

I have received your application for new signage at the above referenced address. I need some additional information in order to complete the HDLC staff review. Please clarify the proposed material of the new sign or clarify if this will simply be painted onto the exterior as the current sign is. If this is a new sign installed onto the building wall then please include information on attachment. Also, the sign drawing will need to be stamped to be reviewed by Safety and Permits. Please email me this information and the updated stamped/drawings directly to me so I can continue the HDLC review. Please let me know if you have any questions moving forward.

Thanks,

Dennis Murphy
