Dear Green Light Solar, LLC:

This letter confirms the actions of the New Orleans Historic District Landmarks Commission at its Wednesday, September 7, 2022, meeting, concerning your application for the following work: Installation of visually prominent roof-mounted solar equipment at a non-rated two-story, single-family residential building.

At that time the Commission voted to: Approve the application for visually prominent solar equipment. Following HDLC review and approval of the proposed solar configuration, an HDLC Certificate of Appropriateness (CofA) will be issued for the installation.

Should you have any questions concerning this matter, feel free to contact me at (504) 658-7048 or chase.klugh@nola.gov.

Sincerely,

Chase D. Klugh
