DEPARTMENT OF SAFETY AND PERMITS
PLAN REVIEW DIVISION

These plans and specifications have been examined and no evidence of deviation from the International Building Code (IBC), as amended by the City of New Orleans, has been noted. This action is contingent upon the construction being executed as indicated by the construction and final inspection upon completion.
(New Orleans City Code Sections 26-14 and 26-16)

Any deviation from these approved plans must be immediately reported to the Department of Safety and Permits and work must stop until the revised plans have been examined and approved.

Work beyond that which is specified in these approved drawings is not authorized. Performing work beyond the scope of these plans is a violation of the City Code and may subject the violator to the penalty provisions in the International Building Code and/or revocation of the building permit.
