Mr Murphy

Good Afternoon.
Yes only exterior work is gutters and downspouts.

Thanks,

James A Smith

Good afternoon,

Thank you for the confirmation. I have closed out the previous permit applications under 22-01314 as withdrawn. In terms of your new and current application, the scope of work appears to note the only exterior work as repair/replacement of gutters and downspouts. Please confirm that there is no other exterior work proposed. HDLC must review and approve ALL exterior work, including routine maintenance and repairs, which are visible from a public right of way.

Thanks,

Dennis Murphy

Mr Murphy.

We (Imperium Builders South LLC) have only applied for 1 building permit. The other permit application must have been from a different contractor and should be voided or closed out. The scopes of work for our application are detailed on the estimate submitted with application. I hope this answers your questions.

Regards,

James Smith

Good afternoon,

I have received your application for work at the above referenced address. Based on the submitted scope of work, this application appears to be a duplicate to your previous application 22-01314-HDLC. Please confirm if the new application is for a different scope of work and can be closed as a duplicate – or please confirm why a new application was submitted. Was this a change of contractor but not a change of scope? Please be sure that moving forward all correspondence, questions and submission materials are emailed directly to me so I can assist you with the next steps in the HDLC review process.

Thanks,

Dennis Murphy
