Yvette,

As a follow up to our telephone conversation, this email is to inform you that during the roof replacement project at 801 Carondelet Street, we plan to also address the outstanding HDLC violations on the property including the vegetation on the building, missing / broken glazing in the garage windows, and extending the downspouts on the parking lot side of the building.

Please let us know that this is sufficient to release the permit for the roof replacement and / or let me know if you have any additional questions or need any more information.

Alton O. Davis, AIA
Architect / Owner's Representative
Aod28@att.net
(985) 237-5999
