Dear Airlanzo Wells:

This letter confirms the actions of the New Orleans Historic District Landmarks Commission at its meeting Wednesday, November 2, 2022, concerning your application for the following work: Retention of two-story, two-family residential building constructed without permits.

At that time the Commission voted to: Approve the retention of the two-story, two-family residential building with the proviso that the building incorporate the Architectural Review Committee's recommendations.

Following the review of the final set of drawings, Staff will issue an HDLC Certificate of Appropriateness (CofA) for the work. The CofA must be posted at the site throughout the duration of the project. No work should commence until a CofA and building permit are issued.

Should you have any questions concerning this matter, feel free to contact me at (504) 658-7048 or chase.klugh@nola.gov.

Sincerely,

Chase D. Klugh
