Dear Alexander Adamick:

This letter confirms the actions of the New Orleans Historic District Landmarks Commission at its meeting Wednesday, November 2, 2022, concerning your application for the following work:
Demolition of more than 25% of the primary facade of an existing Non-Contributing rated one-story, single-family residential building to reorganize door and window openings.

At that time the Commission voted to:

Approve the application for partial facade demolition. A Certificate of Appropriateness has been issued and has been submitted to Safety and Permits. Please contact that department for your building permit and a copy of the CofA. Please keep a copy of the CofA on-site and visible from the public right of way for the duration of work. Keep in mind that only the amount of demolition indicated in the HDLC approved drawings is authorized. Please contact me directly should existing conditions necessitate review of additional demolition or re-framing work. Demolishing additional square footage without the proper approvals can result in costly delays and fines. Please contact HDLC Inspector Daniel Syal at (504)658-7051 or daniel.syal@nola.gov for a final inspection and permit closeout once all work under the permit has been completed.

Should you have any questions concerning this matter, feel free to contact me at (504)658-7047 or Dennis.Murphy@nola.gov.

Sincerely,

Dennis Murphy
