Great - thank you; you will not need a Certificate of Appropriateness from our office if there is no exterior work. I will send the project back over to Safety and Permits for their review.

Yvette,

This project is a minor interior non-structural renovation with no exterior work.

Thanks,

Good morning,

1416 Bourbon St is located in a Local Historic District which is under the jurisdiction of the HDLC. I am working on the HDLC review of this project; is there any exterior work being proposed as part of this project?
